BREEZE TOWER

evaporative air cooler with ionizing function

92 cm

OSCILATING AIR COOLER HUMIDIFIER WITH IONIZING FUNCTION

BREEZE TOWER, a multifunction evaporative air cooler with ionizing function in a compact modern design. Its' innovative bee hive panel evaporative technology turns warm air to cool air in seconds while the ionizing function purifies the outgoing air. Control panel and soft touch remote control offer the possibility to choose from:

- 3 different fixed speeds
- 3 ventilation programs with variable speed output
- ionizing function
- oscilating movement
- air cooler function with water and ice trays
- auto shut off

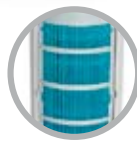

No output tube required, easy to move thanks to incorporated castor wheels.

Evaporative air cooler

Oscilates 90°

Special evaporation panel

Soft touch control panel

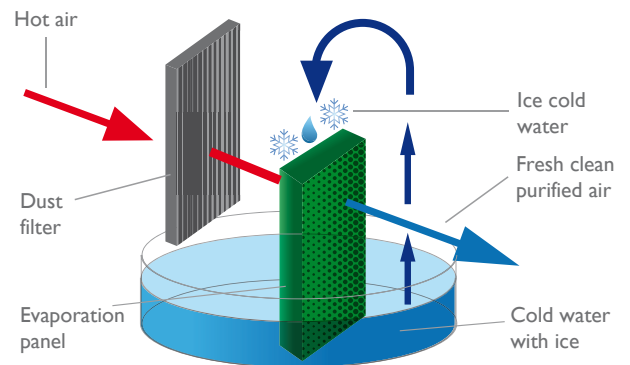

Water collection container

Blocking castor wheels

2 Ice boxes to increase air cooling function

Article: 997

Power: 45W

Color: white

Control: control panel and remote control

EAN code: 8033011321118

Voltage: 220/240 - 50/60 Hz

Air speed: 330 m³/hr

Dimensions: 92 x 30 cm

Master: 1 pc.
