EVAPORATIVE COOLER

The large surface area dedicated to air flow makes Breeze Tower Plus a powerful cooler that can cool any room in a very short time.

With its 110 cm height and compact design, Breeze Tower Plus can be placed in any room, taking up very little space.

It is possible to choose between 3 different speeds and 2 ventilation programs. Then, thanks to the oscillating function, every corner of the room can be cooled.

With a programmable timer up to 15 hours and automatic switch-off. Breeze Tower Plus is also equipped with a spacious 5 litre tank and no piping is required for operation.

To significantly increase the intensity of fresh air, it is advisable to use in the water tank both the frozen ice boxes (contained in the package) and ice cubes.

Item: 985

Voltage: 220-240V ~ 50 Hz

EAN Code: 8033011329657

Maximum capacity: 5.7 m³/minute

Power: 60W

Weight: 5.2 kg

Air speed: 12.2 meter/second

Tank capacity: 5.0 litres

Colour: white and blue

Sound level: dB(A)<58.00

Dimensions: L36.0xH110.0xD36.0 cm

SELLING UNIT:

Dimensions: L28.0xH111.0xD28.0 cm

Weight: 6.800 kg.

MASTER CARTON:

Dimensions: L28.0xH111.0xD28.0 cm

Weight: 6.800 kg.

Quantity: 1 pc.
